RE: Planning Board agenda (12/3/19) action item/staff comments

This document outlines comments from the Planning and Zoning Administrator related to the 12/3/19 Planning Board agenda items below. Where applicable staff recommendations are noted to identify compliance with (or non-compliance) with County regulations managing land use-development and to insure that State regulations are followed as well:

- ☐ **Petition for Re-Zoning (residential to commercial) RZ-2019-01:** two parcels (32.31 +/- acres total) from Agricultural Residential [AR] to Neighborhood Business [NB] at Tax Maps B5-99A and A1 on US Highway 1 in Nutbush Township.
 - A. Property is located along US Highway 1 between Norlina and Manson, north of Soul City with a total of 32.31 +/- acres between two parcels.
 - B. Owner proposes to use the site for a mini-storage warehouse business, a permitted use in the NB zoning district, but not the AR zoning district.
 - C. NB zoned properties are within proximity to this location along US Highway 1 as well as HB and LI zoned properties on Collins Road to the south.
 - D. Action would be consistent with the County's Land Use Plan (3-11-02) which identifies this area along US Highway 1 as a mixed use corridor of commercial and residential uses.
 - E. **Recommendation from Planning and Zoning Administrator: Approval for Re-Zoning from Agricultural Residential [AR] to Neighborhood Business [NB] Agricultural Residential for the noted 32.31 +/- acres per RZ-2019-01 complying with the County Zoning Ordinance (including a minimum 20' vegetative buffer between incompatible land uses) and all applicable North Carolina regulations.**

The information below is a reminder to insure project development progresses efficiently and as my recommendation that the appropriate project consultants coordinate with agency representatives. These include (but are not limited to) the NC Dept. of Environmental Quality (DEQ) and NC-Dept. of Transportation for the appropriate plans/permits:

- ☐ **Erosion and Sedimentation Control Plan with appropriate Best Management Practices (BMP's) for stormwater runoff management and water quality protection.**
- ☐ **Stream Restoration Plan.**
- ☐ **Required Riparian Buffers applicable for either the Tar -Pamlico and/or Roanoke River Basins (dependent on project location).**
- ☐ **401 Water Quality Certification Permit.**
- ☐ **NC-Dept. of Transportation driveway permits/compliance with road/street construction regulations.**
- ☐ **Compliance with Warren County zoning classification (s) and ordinance regulations as applicable.**
- ☐ **Compliance with the Warren County Floodplain ordinance as applicable**
- ☐ **Appropriate public utilities as necessary (public water/sewer) or for private well/septic (on-site wastewater treatment facility) the Warren County Dept. of Environmental Health.**

Amendment #10 to the FY 2020 Budget Ordinance – General Fund \$11,498 (Increase to Commissioners, Co. Manager, Finance, Animal Control, Coop Ext, JCPC & Library Budgets)

RE: Recommendation for Approval of Budget Ordinance Amendment
#10 to the General Fund

Background

Several items are addressed in Budget Amendment #10 to the FY 2020 Budget Ordinance. There are as follows:

- 1) We are asking for an increase in appropriations to the County Commissioner's budget of \$3,000 to cover the anticipated costs of the Aycock Group for services related to the upcoming Board Retreat. These funds are being budgeted from Contingency.
- 2) We are asking for an increase in appropriations to the County Manager's budget of \$11,280 to cover the cost of installing a new gas furnace in the Administration Building. H.B. Poythress & Associates performed the work – which was deemed an emergency – as the old furnace suddenly stopped working. These funds are being transferred from Buildings & Grounds Major Building Repairs.
- 3) We are asking for an increase in appropriations to the Finance Department's budget of \$9,000 to cover additional costs associated with the County's annual financial audit, which is performed by Winston, Williams, Creech, Evans & Company, LLP. The original contract is being amended to cover costs associated with the errors found when performing the Medicaid compliance testing portion of the audit. We are being charged an additional \$1,000 for each group of 10 errors over the base amount of 15. These funds are being budgeted from Contingency.
- 4) We are asking for an increase in appropriations to the Animal Control Department's budget of \$3,500 to purchase equipment for the shelter playground. These funds are being budgeted from fund balance – which includes private donations previously given and not yet spent.

Amendment #10 to the FY 2020 Budget Ordinance – General Fund \$11,498 (Increase to Commissioners, Co. Manager, Finance, Animal Control, Coop Ext, JCPC & Library Budgets)

- 5) We are asking for an increase in appropriations to the Cooperative Extension budget of \$3,872 for use in the Pesticide Container Recycling Program. These funds are being budgeted from a grant received from the N.C. Department of Agriculture and Consumer Services.
- 6) We are asking for an increase in appropriations to the Juvenile Crime Prevention Council (JCPC) budget of \$3,610 to cover the amount of unspent Administration funds from FY 2019. Unspent funds are required to be returned to the funding agency, which is the N.C. Department of Public Safety. These funds were "closed" into fund balance at the end of the fiscal year; therefore, fund balance is being appropriated to cover this expense.
- 7) We are asking for a net increase in appropriations to the Library's budget. This increase consists of an increase of \$1,500 from contributions received from Friends of the Library, and a decrease of \$984 due to a reduction in the amount of the State Aid to Public Libraries Grant initially budgeted. The amount received from this grant in the prior fiscal year (\$81,697) was estimated when budgeting for FY 2019-2020; however, notification was later received from the State Library of North Carolina that the allocation for this year was being reduced to \$80,713, resulting in a needed reduction to the budget of \$984. An expenditure line item within the Library's current budget is being reduced to offset this reduction in revenue.

Recommendation

I am recommending that the Board approve Budget Amendment #10 to the FY 2020 Budget Ordinance.

MEMORANDUM

TO: Warren County Board of Commissioners
THROUGH: Vincent E. Jones, County Manager
FROM: Kathy Brafford, Finance Director
DATE: February 3, 2020
RE: Recommendation for Approval of Amendment to Audit Contract

Background

At their regular meeting on March 5, 2019, the Board of County Commissioners approved an audit contract with Winston, Williams, Creech, Evans, & Company, LLP for a three year term. The auditors have submitted a notification of the original engagement letter and amending the terms of that engagement. The additional terms are due to the discontinuation of the Agreed Upon Procedures (AUP) from the previous year – and relates to the "compliance audit." The County will be charged \$1,000 per each group of ten (10) errors exceeding fifteen (15). The auditors found 103 errors during their compliance testing of Medicaid programs. This will result in an additional \$9,000 in audit fees.

The contract is also being amended to reflect a revised due date of 1/31/2020.

Recommendation

I am recommending approval of the amended contract and authorization for the County Manager to execute the amended contract.

<input checked="" type="checkbox"/> Modification to fee:	Original fee \$60,000 + \$3,250/maj prog>3	Modified fee See below

EXPLANATION OF MODIFIED CONTRACT TERMS

Please provide an explanation for the modification to due date and/or fees.
Modified fee: \$60,000 + \$3,250 / major program > 3 + \$1,000 / group 10 errors > 15
The additional variable fee is related to the discontinuation of the AUP that was performed in the previous year for Medicaid for the Office of the State Auditor. This fee for the errors was previously charged as a part of that engagement. Warren County will be charged \$1,000 for errors any part of a group of 10 errors that exceeds 15 that are found in the compliance testing.

Additional time is needed to complete the audit due to a change in the finance officer.

If the amendment is submitted to extend the due date, please indicate the steps the unit and auditor will take to prevent late filing of audits in subsequent years.
Finance officer will be more familiar with the audit process at this County next year and there will be an Assistance Finance Officer on staff at the time of the year close and audit next year to aid in the process.

By their signatures on the following pages, the Auditor, the Primary Government Unit, and the DPCU (if applicable), agree to these modified terms.

From: Dr. Margaret Brake *M.B.*

Subject: Dissolution of Home Health Advisory Board

The Home Health Advisory Board was established in order to comply with the Centers for Medicare & Medicaid Services (CMS) Articles of Participation. Last year, CMS changed this mandate and no longer requires us to have an advisory board. Because of this and other new changes effective January 1, 2020 for home health agencies, I am recommending to dissolve the Warren County Home Health Advisory Board. Request from Carol Henderson Daye for Building Permit Fee Waiver related to fire at her parents' home (John & Joan Henderson)

January 28, 2020

To Whom It May Concern: (County Commissioners)

My parents names are John and Joan Jeanetta Henderson their address is 516 Watson Road Norlina, North Carolina 27563, Their house burned down on December 14, 2019 at approximately 5:30pm. I am writing this note asking that the county waive the charges for permits for the new house.

My parents hooked up with the county water when it first became available to them in Warren County, they've had an excellent payment history. I spoke to someone in the WC Public Utilities office, hoping to have the water turned off until the new house comes in. They informed me that to turn off the water until the new house is available, they would have to pay another deposit. Therefore, we left the water on. I think this is a waste because they are not using the water right now. I am requesting that if anyway possible to have those fees waived as well.

Thank you for anything you maybe able to help us with. My name is Carol Daye and my contact number is 252-767-3535

Officer Contract for July 2019 June 2020 School Year at \$120,000.**

**Warren County
SCHOOL RESOURCE OFFICER CONTRACT
2019-2020 School Year**

The Warren County Sheriff's Office (WCSO) shall furnish law enforcement officers employed by the sheriff's department to serve as School Resource Officers assigned to the Warren County Schools (WCS). The School Resource Officers (SROs) shall be certified law enforcement officers employed by the Warren County Sheriff's Office. The powers and duties as law enforcement officers shall continue throughout their tenure as school resource officers. The school resource officers shall abide by school board policies and shall consult with and coordinate activities through the school principal but shall remain fully responsible to the chain of command of the sheriff's department in all matters relating to employment.

1. Duties and Responsibilities

It is understood and agreed that in performing their duties and responsibilities the School Resource Officers shall:

- 1.1 Confer with the principal to develop plans and strategies to prevent and/or minimize dangerous situations on or near the campus or involving students at school-related activities.
- 1.2 Conduct continuous surveillance of the school and school property to prevent and mitigate unsafe conditions in the educational setting.
- 1.3 Take enforcement action as necessary and notify the principal of the school as soon as possible. Whenever practical, advise the principal before requesting additional enforcement assistance on campus and undertake all additional law enforcement responsibilities at the principal's direction.
- 1.4 Develop expertise in presenting various subjects such as understanding the laws, the law enforcement officers' role, and the law enforcement mission.
- 1.5 Make themselves available for conferences with students, parents, and faculty members to assist them with problems relating to law enforcement or crime prevention.
- 1.6 Attend meetings of parent and faculty groups to solicit their support and understanding of the school resource program and to promote awareness of law enforcement functions.
- 1.7 Be available to advise, assist and consult with school personnel in matters which are the exclusive concern of the school administration and do not constitute a violation of the law. Violations of school rules, as opposed to crimes or violations of laws, should be handled at the school level. If the principal believes an incident is a law violation, he/she shall contact the SRO, who shall then determine whether law enforcement action is appropriate.
- 1.8 Perform duties as determined by the principal other than those regularly assigned to school personnel such as lunchroom or hall duty.
- 1.9 Participate in or attend school functions, whenever possible, to assure the peaceful operation of school-related programs, and to build support with students.
