- A. Approve minutes of September 14, 2020 regular monthly meeting
- B. Tax Collector's Report for August 2020 presented for Board's information in accordance with NCGS 105-350 (John Preston, Tax Administrator.)
- C. Tax Release Requests (over & under \$100) in accordance with NCGS 105-381 "Taxpayer's Remedies" as information only (J. Preston, Tax Admin.)
- D. Proclamation November 2020 Native American Month
- E. Resolution Declaring Surplus Property and Authorizing Auction: Desk, Lenovo ThinkPad, 1997 Ford Ranger (79,584 miles) & Tax Property B9-34-D1 (1 lot minimum bid \$2,401)

ITEM # 5 COUNTY MANAGER'S UPDATE – Vincent Jones

ITEM # 6 FINANCE OFFICE - Katherine Brafford, Finance Director

A. Amendment #3 to the FY 2020-2021 Warren County Budget Ordinance –

Increase Sheriff's Office budget by \$1,200 – re-budget funds from FY 2020 never spent, installing equipment on the Ford Explorer that was ordered in FY 2020 – but, due to COVID, was not delivered until FY 2021.

Increase Health Dept budget by \$49,027; \$7,128 additional funding for WIC Program, \$41,898 additional grant funding for COVID related expenses.

Decrease Senior Center budget by \$11,470; decreases appropriations in DSS budget by \$2,422 as a result of a decrease in the amount of the HCCBG funding awarded by the Kerr Tar Regional COG, grant award was \$13,982 less than the previous year's amount.

Increase DSS Admin budget by \$943.60 as a result of increased funding for the Duke Energy Progress – Energy Neighbor Fund.

Increase Parks & Recreation budget by \$297,540, represents the amount of the PARTF Grant that was awarded last fiscal year. As a result of COVID – and the timeliness of awarding the grant, none of the grant funds were spent in FY 2020. The entire grant is being re-appropriated in the current fiscal year. The grant revenue and the grant match from fund balance are also being re-appropriated, as none of the grant funds were received or spent in last fiscal year.

Re-allocate \$9,816 of the \$10,000 budgeted in the Human Resources budget for Salary Progression – to the departments and/or funds to which they apply. This includes the pro-rated Salary, FICA, Retirement, and/or 401(k) line-items affected by the Salary Progression.

Increase Fund 28 for an additional appropriation of CARES Act Funding (CRF) which the County received in August, totaling \$382,938.19. Reduces an appropriation of fund balance approved at the August 3rd BOCC meeting by \$4,998, as a result of a few minor purchases made in FY 2021 – but accrued to the previous fiscal year, resulting in a reduction to the balance needing to be re-appropriated.

B. Budget Amendment #4 to the FY 2021 Budget Ordinance - Appropriates \$25,000 of Fund Balance in the District III Enterprise Fund to cover additional operating expenses anticipated due to significant increases in public utilities material and tapping costs.

ITEM # 7 CONSIDER PUBLIC HEARINGS

- A. Schedule Public Hearing for rezoning petition for a small parcel of land across from the Lake Gaston Jet Ski business off of 903 (near Wildwood Point subdivision). Request is to set the public hearing for November 2nd during 6pm regular Commissioners meeting.**

* Overview by Ken Krulik, Planner/Zoning Administrator

E. ***Conditional Use Permit(s)***: In addition to the uses listed in Table II-2 Permitted Uses, some uses due to their nature, are recognized as having objectionable operational characteristics (when several such uses are concentrated under certain circumstances, which may cause a negative effect upon adjacent areas). Conditional regulation of these uses is necessary to insure that these negative effects will not contribute to the blighting or downgrading of the surrounding neighborhood and communities. These conditional regulations are itemized in this Section. The primary regulation is for the purpose of preventing a concentration of these uses in any one area (i.e. not more than one (1) such use within a certain measured distance of each other which would create an adverse effect) as well as potential increase in traffic/safety issues and environmental issues. The requirements for each use that follows are additional requirements to the requirements listed in Section II. The following additional requirements only apply to those uses where a Special Use permit is indicated in Table II-2 with a SU notation - **if a CU is approved, but the conditions specified are not followed then the permit is revoked and subsequent action taken under the authority of the Planning and Zoning Administrator as identified in this ordinance**:

1. **Planned Unit Development – Commercial Residential (PUD-CR)**:

- a. Review - The Warren County Planning Board shall receive and review requests for establishing (developing) a Planned Unit Development – Commercial Residential (PUD-CR) and shall make a recommendation to the Board of Adjustment within 30 days after its first consideration.
- b. Minimum Lot Area - Four (4) acres
- c. Permitted Uses: A Planned Unit Development may contain any of the permitted uses of the district in which it is allowed as a Special Use, residential development may include:
 - 1) Townhouses - A dwelling unit as part of a structural arrangement of two (2) or more single family attached dwellings joined by common walls on not more than two (2) opposite sides with the uppermost story being a portion of the same dwelling located directly beneath at the grade or first floor level and having exclusive individual ownership and occupants rights of each dwelling unit including, but not limited to, the land area directly beneath the dwelling. Said units have separate entrances to the outside and are entirely separated from each other by walls that meet North Carolina Building Standards. The minimum number of townhouses attached to each other shall be two and the maximum number shall be six. Density of townhouses in a planned unit development shall not exceed twelve (12) units per gross acre and a maximum number of six (6) units per building. Building height for townhouses is permitted up to three (3) stories where the height shall be above grade (measured at the level grade of the topographical surface) except where Paragraph II.B of this ordinance applies.

6:00 pm PUBLIC HEARING (4 of 5)

* Overview by Ken Krulik, Planner/Zoning Administrator

- 2) The site area not covered by dwelling units may be made part of the individual townhouse lots or clustered as common open space, dedicated to a homeowners association, or combination of the two.
- 3) Clustered detached single family dwellings - These are dwellings in which the lot size for each individual dwelling may be reduced, but may not be less than 6,000 square feet provided that the difference between the required dimensions for the district and the reduced dimensions is dedicated to a homeowner's association as common open space.
- 4) Zero (0) lot line dwellings - Detached single family dwellings on lots without side yard requirements on one side of the lot. The lot for a zero (0) lot line dwelling may be reduced, but may not be less than six thousand (6,000) square feet provided that the difference between the required dimensions for the district and the reduced dimensions is dedicated to a homeowners' association as common open space.
- 5) Commercial uses – low intensity commercial uses that are listed as permissible in either the Lakeside Business (LB) or Neighborhood Business (NB) Districts identified in Table II-1 Dimensional Requirements and Table II-2 Permitted Uses of this Ordinance. **Building height may be increased up to a maximum of one-hundred (100) feet for related commercial uses as part of the PUD-CR.**
- 6) Where a site development incorporates both commercial and residential uses as indicated in this section the impervious surface ratio of 36% shall apply and a minimum of 15% green-space preservation shall apply.

RE: Planning Board agenda (3/3/20) action item/staff comments

This document outlines comments from the Planning and Zoning Administrator related to the 3/3/20 Planning Board agenda items below. Where applicable staff recommendations are noted to identify compliance with (or non-compliance) with County regulations managing land use-development and to insure that State regulations are followed as well:

- ☐ **Petition for Re-Zoning (residential to commercial) RZ-2020-01:** one parcel (1.57 +/- acres) from Agricultural Residential [AR] to Neighborhood Business [NB] at Tax Map A4-13 on Jacksontown Road in Nutbush Township.
 - A. Property located on Jacksontown Road north of Manson Drewry Road and Firefighter Dr.
 - B. Owner proposes to use the site to build a restaurant (permitted use in the NB zoning district, but not the AR zoning district).
 - C. NB zoned properties are within proximity to this location as well as the adjacent property to the north with the addresses of 4696 and 4712 Jacksontown Road (property on Firefighter Drive is also zoned NB).
 - D. Action would be consistent with the County's Land Use Plan (3-11-02) which identifies commercial uses in the area of the intersection.
 - E. **Recommendation from Planning and Zoning Administrator: Approval for Re-Zoning from Agricultural Residential [AR] to Neighborhood Business [NB] Agricultural Residential for the noted 1.57 +/- acres per RZ-2020-01 complying with the County Zoning Ordinance (including a minimum 20' vegetative buffer between Incompatible land uses) and all applicable North Carolina regulations.**

The information below is a reminder to insure project development progresses efficiently and as my recommendation that the appropriate project consultants coordinate with agency representatives. These include (but are not limited to) the NC Dept. of Environmental Quality (DEQ) and NC-Dept. of Transportation for the appropriate plans/permits:

- ☐ Erosion and Sedimentation Control Plan with appropriate Best Management Practices (BMP's) for stormwater runoff management and water quality protection.
- ☐ Stream Restoration Plan.
- ☐ Required Riparian Buffers applicable for either the Tar -Pamlico and/or Roanoke River Basins (dependent on project location).
- ☐ 401 Water Quality Certification Permit.
- ☐ NC-Dept. of Transportation driveway permits/compliance with road/street construction regulations.
- ☐ Compliance with Warren County zoning classification (s) and ordinance regulations as applicable.
- ☐ Compliance with the Warren County Floodplain ordinance as applicable
- ☐ Appropriate public utilities as necessary (public water/sewer) or for private well/septic (on-site wastewater treatment facility) the Warren County Dept. of Environmental Health.

CONSENT AGENDA

Resolution November 2020 Native American Heritage Month

**Resolution
November 2020
Native American Heritage Month**

Whereas when Warren County was founded, it was still home to several Native American tribes, particularly the Haliwa, Nansemond, Tuscarora and Saponi; and

Whereas Native American tribes' Trading Paths extended from middle North Carolina into what is now Petersburg, VA, trading furs with Virginians, on the path which passed the present town of Norlina in Warren County, and

Whereas by the beginning of the 1700's, large numbers of Native American tribes were caused to move away from present-day Warren County; and

Whereas, between 1882 and early 1900s three schools were established in Warren and Halifax Counties to serve Haliwa-Saponi children.

Whereas in 1957 The Haliwa School opened in Warren County, serving children in grades 1–12. The school was tribally controlled and state recognized under the county school system, but closed in 1969 as a result of school desegregation, and

Whereas in 1965 The Haliwa receive state recognition as an Indian tribe, and

Whereas in modern day, the Haliwa-Saponi Tribe consists of 4,300 enrolled tribal members and approximately 2,700 (62%) live in a very tight-knit tribal community on the Warren County border, and

Whereas, the Haliwa-Saponi "Culture Exchange Day" is usually held in November, an annual event for school groups and community members to come out and enjoy cultural dancing, singing, drumming, native foods and crafts.

NOW, THEREFORE BE IT RESOLVED that the Warren County Board of Commissioners recognize: **November 2020 as Native American Month.**

BE IT FURTHER RESOLVED that all Warren County citizens are encouraged to celebrate the diversity and uniqueness of our Native American population.

Adopted this the 5th day of October, 2020.

Warren County Board of Commissioners
Tare "T" Davis, Chairman

ITEM # 4-E (Pg 1 of 5)

CONSENT AGENDA

Resolution declaring surplus property and authorizing County Manager or designee to sale items and/or tax foreclosed properties.

The Surplus Property Process:

1. Once the property taxes on a particular property have been determined to be non-collectable, the property information is sent to the County's foreclosure attorney.
2. The attorney does the necessary title work and goes through the process of contacting the owners.
3. During notification through the certified mail process the owners are given the opportunity to pay the delinquent taxes and retain ownership.
4. If the owners do not pay the delinquent taxes the attorney goes before the court to get permission to sale the property.
5. After a judge approves the sale, it is auctioned on the courthouse steps to the highest bidder.
6. If there are no bidders the County becomes the owner by having a lien against the property.
7. The property can then be declared surplus by the Commissioners and authorized to be sold.

Amendment # 3 to FY 20-21 Warren County Budget Ordinance

== ==

TO: Warren County Board of Commissioners

FROM: Kathy Brafford, Finance Director

RE: Recommendation for Approval of Budget Ordinance Amendment #3

Background

Budget Amendment #3 to the FY 2021 Budget Ordinance is being presented for approval. This amendment does the follow:

- 1) Increases appropriations in the Sheriff's Office budget by \$1,200 – to re-budget funds that were approved in FY 2020 – but never spent. These funds are for installing equipment on the Ford Explorer that was ordered in FY 2020 – but, due to COVID, was not delivered until FY 2021.
- 2) Increases appropriations in the Health Dept budget by \$49,027. Of this amount, \$7,128 is for additional funding for the WIC Program, and \$41,898 is for additional grant funding for COVID related expenses.
- 3) Decreases appropriations in the Senior Center budget by \$11,470 and decreases appropriations in the DSS budget by \$2,422 as a result of a decrease in the amount of the HCCBG funding awarded by the Kerr Tar Regional COG. The amount of the previous year's funding was initially budgeted; however, when the grant was awarded, it was \$13,982 less than the previous year's amount.

ITEM # 6-A (2 of 5)

Amendment # 3 to FY 20-21 Warren County Budget Ordinance

- 4) Increases appropriations in the DSS – Administration budget by \$943.60 as a result of increased funding for the Duke Energy Progress – Energy Neighbor Fund.
- 5) Increases appropriations in the Recreation Department budget by \$297,540, which represents the amount of the PARTF Grant that was awarded last fiscal year. As a result of COVID – and the timeliness of awarding the grant, none of the grant funds were spent in FY 2020. Therefore, the entire grant is being re-appropriated in the current fiscal year. The grant revenue and the grant match from fund balance are also being re-appropriated, as none of the grant funds were received or spent in last fiscal year.
- 6) Re-allocates \$9,816 of the \$10,000 budgeted in the Human Resources budget for Salary Progression – to the departments and/or funds to which they apply. This includes the pro-rated Salary, FICA, Retirement, and/or 401(k) line-items affected by the Salary Progression.
- 7) Increases appropriations in Fund 28 for an additional appropriation of CARES Act Funding (CRF) which the County received in August, totaling \$382,938.19. Additionally, this reduces an appropriation of fund balance approved at the August 3rd BOCC meeting by \$4,998, as a result of a few minor purchases made in FY 2021 – but accrued to the previous fiscal year, resulting in a reduction to the balance needing to be re-appropriated.

Request for authorization to partner with Town of Warrenton and submit Application for NC IDEAS' Fall 2020 Ecosystem Grant for Frontier Warren in the amount of \$150,000, no match requirement. Town of Warrenton will take the lead in this project.

The Town of Warrenton and Warren County Economic Development want to apply for NC IDEA's Fall 2020 Ecosystem Grant for Frontier Warren in the amount of \$150,000 (no match). The Town of Warrenton is taking the lead on the grant application, and the Town of Warrenton will receive the funds and monitor grant performance (two-year performance period). Warren County EDC will help in writing the grant and in making certain decisions with the funding in accordance with the Frontier Warren MOU between the county and town; the EDC Director will also serve on the grant team. The county's grants policy requires approval from the Board of Commissioners before administrative support can be given to a non-county entity.

Recommendation

Approval of Warren County's administrative assistance to the Town of Warrenton in making the application for a \$150,000 grant to NC IDEA for Frontier Warren.

Re: NC IDEA Fall 2020 Ecosystem Grant

Background

The Town of Warrenton and Warren County have partnered together to operate the Frontier Warren co-working space and entrepreneur incubation hub at 140 S. Main St., Warrenton. The Town of Warrenton will be submitting an application for a \$150,000 non-matching grant from NC IDEA. The Town of Warrenton has asked Warren County Economic Development to assist in writing the grant; the County will be involved in activities related to grant funds if awarded. However, the Town will be the entity submitting the grant and monitoring and reporting on the grant to NC IEA.

NC IDEA is a private foundation with a mission to maximize the economic potential of the people of North Carolina by supporting the formation and fruition.

In accordance with the Warren County Grants Policy, the Board of Commissioners shall approve any county funds used as a match and/or any administrative support given to making and/or monitoring the grant. The Warren County grant policy states: "The Board of Commissioners must take formal board action in support of providing matching funds or an application for a non-County entity. A non-County entity should not apply for a grant that assures matching funds provided by Warren County unless formal action is taken by the Warren County Board of Commissioners."

Recommendation

Approval of Warren County's administrative assistance to the Town of Warrenton in making the application for a \$150,000 grant to NC IDEA for Frontier Warren.

ITEM # 9-B (1 of 3)

Request authorization to apply for NC Commerce Building Reuse Grant for renovations to vacant Soul City building in support of Project Bridge

Project Bridge is an economic development project that plans 21 jobs to Warren County in the Soul City community over the course of two years. Project Bridge is the expansion of an information technology company based in Greenville, SC into Warren County, NC. In order to support this company's expansion and job creation, Warren County EDC would like to apply for a NC Commerce Building Reuse Grant for renovations to a vacant building in Soul City.

To: Warren County Board of Commissioners

Through: Vincent Jones, County Manager

From: Charla Duncan, Senior Assistant to the County Manager
Warren County Administration/Economic Development Director
(Interim)

Re: NC Commerce Building Reuse Grant application request for Project Bridge

Background

For the past several months, the Economic Development Director has been working with Project Bridge on the company's expansion efforts into Warren County. Both parties have also been working with the Economic Development Partnership of North Carolina. The EDPNC project name of "Project Bridge" is used throughout this memo as certain elements of this project are still of a confidential nature.

Project Bridge:

Project Bridge is a business expansion project of a technology company located in Greenville, SC that is interested in expanding into Warren County in the Soul City community. This company has been in business in South Carolina for twenty years.

Project Bridge is a private company that will focus on IT development with its agile development teams. Development teams are structured and empowered by the organization to organize and manage their own work. The resulting synergy optimizes the Development Team's overall efficiency and effectiveness. Development teams will be dedicated specifically for the development of UI and reporting applications. The team will design, build, test and develop data platform applications for industries across the country.

ITEM # 9-B (2 of 3)

Request authorization to apply for NC Commerce Building Reuse Grant for renovations to vacant Soul City building in support of Project Bridge

Project Bridge intends to create 21 jobs in Warren County over the course of two years (through 2022). Salaries are planned to range from \$26,000-\$60,000.

Project Bridge has a non-profit arm that is partnering with FVW Opp. Inc. (Franklin, Vance, Warren). The two organization have joined their individually proven strategies, expertise and experience in a place-based approach that intentionally combines STEM education, college and career preparedness, environmental stewardship and economic development in low-resourced rural schools and communities. The resulting model aims to reduce poverty, increase educational access and equity, and promote and provide access to high income opportunity.

Project Bridge will create a state-of-the-art education center used to give underserved students access to advance technology that will increase his/her opportunity for high demand careers. The center will be used to train students how to capture, analyze, perform predictive analysis, machine learning (ML), create artificial intelligence and report on data captured around the world.

Also on site will be a small data center used to capture all IoT and smart city data. The center will be used to train students how to operate, maintain and support a production data center. All data will be used to develop the corresponding AI algorithm needed to improve the products and processes surrounding Project Bridge IoT initiatives. This data center will be operated in conjunction with NC A&T math department and data scientists. The owner of Project Bridge is a NC A&T alum.

A state-of-the-art monitoring center where staff and students monitor all electronic activities both locally and abroad. The monitoring center will capture, analyze, report and alert all project data and IoT statuses in real-time using the leading real time operational intelligence platform on the market. Students will gain the experience of data science research, machine learning, and AI technology.

NC Commerce Building Reuse Grant Program:

The Rural Economic Development Division, as authorized under N.C.G.S. 143B-472.127, provides grants and loans to local government units to support economic development activity that will lead to the creation of new, full-time jobs. The program gives priority to projects located in the 80 most distressed counties in the state; and resident companies as defined in N.C.G.S. 143B-472 (a) 4.

One of these programs is the Building Reuse Grant for the renovation of vacant buildings for the purpose of economic development. A county will apply on behalf of a business interested in renovating a vacant building; the local match required is 5% of the approved grant amount.

The potential funding available for each project will be assessed though analysis of the project and will be based upon the project's location, the quantity and quality of jobs committed, the overall economic impact of the project, and at the discretion of the Rural Infrastructure Authority.

ITEM # 9-B (3 of 3)

Request authorization to apply for NC Commerce Building Reuse Grant for renovations to vacant Soul City building in support of Project Bridge

County Match:

Project Bridge intends to submit up to \$800,000 in eligible building renovations during the grant period. The maximum amount the grant will fund is 50% or \$400,000. Once an application is submitted, Commerce will review the project and base their proposal on a certain amount of dollars per job created during the grant period. That amount would typically not exceed \$12,500 per job and likely could be lower.

If Commerce offered \$12,500 per job for the 21 jobs created in 2021-2022 then the grant would be for \$262,500. In that scenario the county would need to contribute \$13,125.

County Grants Policy:

According to the Warren County Grants Policy, any grant request over \$50,000 with a match over 10% or \$5,000 requires Board of Commissioners approval.

Recommendation

After hearing a presentation from Project Bridge, the EDC Board unanimously voted at their September 20, 2020 meeting to recommend to the Board of Commissioners to make this application to NC Commerce on behalf of Project Bridge. The Warren County Economic Development Director also recommends making this application, including a match up to \$13,125.

Wise Interchange Sewer Project

September 28, 2020

Memo

The Wise Interchange sewer project has progress very well and we are ahead of the proposed time line for this project. During the construction of the new sewer collection system we have discovered that the crossline culverts for the existing access road have severely corroded as shown in the attached picture. In order to maintain the integrity of the access road to the existing Waste Water Pump Station as well as the newly installed sewer collection system I am recommending that the existing road culverts be replaced with High Density Poly Ethaline (HDPE)

Road culverts that meet NCDOT public road specifications.

With the project time line being ahead of schedule we are anticipating some cost savings within the project budget to aid in the cost of the change order expense. To what extent the saving will be is unknown until the projects final adjusting change order that will close out the project. Warren County Water & Sewer District II Fund balance and The Golden Leaf Foundation is a funding source for the project. If the project has a cost overrun due to the addition of Change order # 1 the additional funds will be taken from District II fund balance that has adequate funds to cover the overrun.

Ken,

It was brought to my attention that my previous email regarding the culvert replacements was in error and the two (2) 24" culverts discussed last Friday did not include the one already replaced, but included the one north of the existing pump station where undermining of the road has occurred. For simplicity in presenting the change order, will it be acceptable to you if we present it in a manner that covers all additional work associated with the culvert replacements as follows:

89 LF 24" HDPE Culvert w/ Outlet Protection @ \$121.83/LF = \$10,842.87
60 LF 30" HDPE Culvert w/ Outlet Protection @ \$167.38/LF = \$10,042.80

Total \$20,885.67

I believe this covers the 29 LF of 24" HDPE previously installed plus outlet protection and all additional replacements we are considering. If this is acceptable, we will prepare a change order for approval by Warren County.

I have priced all the Rip Rap outlets as Culvert size 1 at 20' length. This will require work beyond the existing easement width of 35 feet, so additional clearing and shaping of the channel will be required. We will not be responsible for any additional easement acquisition or responsibility of the disturbance of this additional area. The 30" outlet at the replacement of the 18 and 24 inch pipe will be placed over the existing gully fill of removed site rock and soil. If the end of the new Rip Rap is still a gully, we have not priced any additional work; however if easy we will place any leftover site rock or rip rap in the gully as much as we have or as far as we can reach at no cost. We will have no responsibility of warranty for this fill or it absence and how it effects the drainage/erosion.

I have also priced the addition of one of these outlets to be placed at the outlet of the existing pipe at the pond area for consideration.

Recap of Prices:
60 Lf of 30" Hdpe and two outlet structures: \$10,045.00
60Lf of 24" Hdpe and two outlet structures: \$ 7,310.00
One outlet structure: \$2,385.00

Price breakdowns are attached.
